

Teachers Day Celebration (2016)

On the 6th september , students of Physics and Astrophysics department organised a grand celebration of teachers day. The central theme of the celebration was "kid's of nature, revere for teachers!!! ". The students of Physics and Astrophysics department decorated area with rangoli and balloons. Students organised a knowledgeable poster presentation

with some innovative models. They also arranged some entertaining games. The last and sole part of celebration was greeting the teachers and celebrating it started 2 onwards. The honourable principal k. G. Kanade sir inaugurated the celebration at 12 pm.

He appreciated the students organic work. In teachers day celebration, some students gave motivational speeches. That brought more enthusiasticness in the atmosphere. Students wished teachers with love and respect. One student tuned the guitar for wishing the teachers and at last chavan sir, head of physics and astrophysics department addressed the students.

The celebration ended with cake cutting and distributing among students and teachers. The celebration ended at 3pm and all the students returned to home imprinting that

"A good teacher is like a
candle,

It consumes itself to light the
Way of others!!!! "
